

RICHARD KWAKU OPOKU

STUDENT | WEB DEVELOPER

[233508597910](tel:233508597910) | KUMASI, GHANA | CE-RKOPOKU923@ST.UMAT.EDU.GH | [GITHUB PROFILE](#) | [LINKEDIN](#)

Objective

Motivated 200L Computer Science and Engineering student seeking internship or entry-level opportunities to apply and expand my skills in web development. Eager to contribute to real-world projects and grow as a full-stack developer through hands-on experience and team collaboration.

Skills & abilities

- **Languages:** HTML, CSS, JavaScript, Python, Java
- **Web Tools:** Git & GitHub, Visual Studio Code, A-FRAME, WEBGL
- **Frameworks:** Flask, Bootstrap, A-Frame, JAVAFX
- **Database:** MySQL, SQLite, SQL, MONGODB
- **Soft Skills:** Leadership, Communication, Quick learner, Organised, Passion Problem-Solving

Experience

AMALITECH, GHANA.

Front-end web developer intern | September 2024 – 2024

- Developed and maintained responsive, user-friendly, and visually appealing websites using HTML, CSS and JAVASCRIPT.
- Participated in code reviews and UI/UX brainstorming sessions.

Projects

INVENTORY MANAGEMENT SYSTEM

HTML, CSS AND JAVASCRIPT

- Developed a web-based inventory management system with item tracking and stock management features.
- Implemented responsive UI and user interaction through dynamic DOM manipulation.

SCHOOL DATABASE MANAGEMENT SYSTEM

FLASK, SQLite AND Python

- Built a school management web app using Flask and SQL for database operations.
- Features included student records, staff login, CRUD operations, and secure form handling.

JOB PORTAL

JAVA, JAVAFX, JDBC

- Created a simple job portal using Java and JDBC to manage job listings and applications.

Education

UNIVERSITY OF MINES AND TECHNOLOGY

Tarkwa, Ghana | BS in Computer Science and Engineering

Currently in 200L and completed relevant coursework in web development, database management, and software engineering thus far.
